Marital status:
Single

Profile summary

My name is Rian Sunthbocus and I was born in Offenbach am Main, Germany. I am 21 years old and I studied software development online at Code Institute from Ireland.

I graduated at Strothoff International School and started studying at Code Institute in 2018, which inspired me to code websites, as milestone projects.

Furthermore, I finished a two month long internship at 'The Ambitious' in Frankfurt am Main, Germany, where I learned how to create real business projects, which broadened my experience in the field of software development.

My main goal is to improve my skills in using programming languages professionally by solving more real-life problems.

Education

Full-Stack Software Development

Code Institute | Dublin, Ireland | 11/2018 - 05/2020

I started studying software development at Code Institute. I work with various programming languages, libraries and frameworks, such as HTML5, Bootstrap 4, CSS3, SASS, JavaScript, jQuery, React.js, PostgresSQL, Python, MongoDB, Flask and Django. Besides these, I am also practicing Node.js. All of the following repositories are on my Github account and were coded by myself.

- First milestone project (Github): Germany Online Guide
- Second milestone project (Github): Charity Base
- Third milestone project (Github and Heroku): Language Learner's App
- Fourth milestone project (Github and Heroku): Phone Shop - Ecommerce App
- Shopping-List (Github and Heroku)
- Portfolio (Github)
- Skywheelers Team (Github and Heroku) (In progress)
- Korean learning app (Github) (Still in progress)

Rian Sunthbocus

Software Developer

Education

Strothoff International School | Dreieich, Germany
Diploma program certificate and secondary school level certificate
08/2010 - 05/2018

Code Institute | Software Development Online Course
11/2018 - 05/2020

Shaw Academy | Digital Marketing Online Course
Since 08/2019

Skills

HTML5
CSS3
SASS
Bootstrap 4
Javascript
jQuery
React.js
Node.js
DC.js & D3.js
Email.js
Python
Flask
SQL
MongoDB
Django
SEO
Git
Github
Heroku
Gitpod
Visual Studio Code
Amazon Web Services
Amazon Web Services Cloud9
Webflow
Adobe XD
Google Apps for Education

I particularly enjoy programming appealing and interactive functionalities to websites and solving bugs that come up throughout the process. Usually, I like to solve them by trying out different ways of coding something or researching about the code or error.

Digital Marketing

Shaw Academy | Dublin, Ireland | Since 08/2019

By taking the digital marketing course I learned a lot about search engine optimisation (SEO), ads and Google Analytics. The lessons helped me a lot to improve websites in an internship at 'The Ambitious', as I knew what I had to focus on to attempt a high ranking on Google Searches. Also, it taught me the importance of digital adverts and how to use different concepts to keep a client interested in a website or product.

Diploma Program Certificate

Strothoff International School | Dreieich, Germany | 08/2010 - 05/2018

I graduated from Strothoff International School, from which I received a diploma program certificate, a secondary school level certificate and the bronze and silver awards from the Duke of Edinburgh's International Award.

Experience

Web Development, Web Design and Digital Marketing Internship

The Ambitious (Jan Ruthard) | Frankfurt am Main, Germany | November 2019 - December 2019

I have done an internship for two months in Frankfurt am Main with a web designer by the name of Jan Ruthard. I learned how to use Webflow and AdobeXD, improve the structure of HTML5 and CSS3 codes, utilise Python for web scraping, use SEO in real projects and apply JavaScript to to perform certain tasks including:
- Translating websites into German and English
- Utilise cookies
- Work with an API called Weglot
- Add more functionalities to websites

Software Developer

Awards

Ecis for Public Recognition of Essentials of a Good International Citizenship
Award for outstanding performance

Duke of Edinburgh's International Award
Bronze and silver award

Green Belt
After two years of karate lessons

Interests

Coding
Wheelchair Basketball
Travelling
Smartphone Photography
Drawing
Animating
Playing Games
Social Media

Languages

German
English
French (A2)
Korean (Basics)
Mandarin Chinese (Basics)
Patois Creole (Basic knowledge)

I worked with the manager and another intern on various projects, for instance on a website for a goldsmith, another one for estate agents, one for a café bar and many more. Therefore, I have dealt with bugs that I managed to solve by trying out various ways of coding or researching things.

As a result, I gained great experience by working with professionals in a real work environment.

Financial Accounting Internship

Lufthansa AirPlus Servicekarten GMBH | Neu-Isenburg, Germany | May 2012

I had an internship for one week at the AirPlus financial department for customer accounting and verification of customer invoices. There, I recorded the data of customers into documents and made sure that all of the information was put into the right order.

Library Assistance Internship

Strothoff International School | Dreieich, Germany | May 2011

I was an intern in the school library for a week, where I had to sort out books in the right order, while making sure that they were easy for people to see on the shelves. Also, I had to make sure that every book was included in the library's database.
